

**2008 PREMIER'S READING CHALLENGE
REGISTRATION FORM**

Privacy Information.

It is a condition of entry in the Premier's Reading Challenge that successful students will receive a certificate signed by the Premier and appear in the Honour Roll. The Honour Roll may appear in a special Premier's Reading Challenge tabloid supplied to schools by *The Sun-Herald* or on the Premier's Reading Challenge website. A successful student is one whose completed reading record has been entered online and validated by **1 September 2008**.

The Department of Education and Training, as presenter of the Challenge, needs to supply:

1. The names and schools of successful students to the printers of the certificates.
2. The names of successful students for The Honour Roll. Only students' names are listed. They are not linked to school details. Participating schools are listed separately.
3. Details of students' past participation in the Challenge are only supplied to the Challenge organisers to ensure students completing their fourth year receive a gold certificate. There is also an optional reading survey for first time participants in the Challenge who are reading their own books.

If parents or caregivers do not wish to have their child's name on the certificate and the Honour Roll, the student cannot participate officially in the Premier's Reading Challenge. They may access the PRC booklists and complete the Challenge for recognition within their school community but they must not submit an online entry.
